ARMIN EBRAHIMI

Born:
1984 in Tehran, Iran

Lives:
Tehran, Iran

Education:
2016 BA Sculpture, Accademia di Belle Arti, Florence, Italy
2011 MA Painting, Art University, Isfahan, Iran
2008 BA Painting, Art University, Isfahan, Iran

Armin Ebrahimi's works echo within the peaks of our emotions, isolation, and introspection amid deep changes to our social, economic, and political realities. He creates dreamlike scenes that resonate back and forth between the symbolic and the specific. With analogous interests in materiality and the act of making, he uses the specific physical and chromatic qualities to create vague pictorial spaces that frame relationships between bodies.

Ebrahimi's scenes seem to exist both outside and deeply rooted within this uncertain time, evoking caution, questions, and desires about our bodies in relation to each other. With an interest in metaphor and symbolism, he combines autobiographical narratives with imagery that evokes broader historical references to our cultural identities.
