## ART PROJECTS

### PIERRE LE RICHE

Born:  
1986 in Gqeberha, South Africa

Lives:  
Aachen, Germany &  
Cape Town, South Africa

Pierre le Riche (b. 1986, Gqeberha) is a multidisciplinary artist working across modes of sculpture and installation, widely recognized for his use of textiles and thread. Identity is woven into and essential to his practice; much of his work has been aimed at confronting themes of colonialism and race, as well as challenging norms and associations around gender and sexuality. For his recent body of fiber-based work, le Riche creates vibrant and provocative figurative tapestries that center his queer identity while reflecting on the complexities of belonging in a contemporary world.
